Health & Social Upliftment

ONE Supports Frontline Healthcare Workers and Communities' Fights Against the Ongoing Covid Pandemic

As Covid-19 lashed the world, the frontline warriors risked their own lives to save others. The war against the virus is still on. Amid this ongoing fear of infection and the unimaginable challenges that they face every day, these awe-inspiring men and women continue to work with a sense of purpose and selfless determination for the sake of saving lives.

The sacrifice that they are making for the safety and welfare of humanity is priceless and deserves lifelong gratitude on our end. We must reassess and respect the value health-care workers hold in our lives.

ONE India Cochin on 17th January 2022 and ONE India Bangalore on 5th February 2022 in association with our CSR partner "Samarthanam Trust"* distributed health care kits to 400 frontline health care workers.

ONE India joined hands in their efforts to fight against the ongoing pandemic, dedicating for a compassionate and selfless cause towards advocating health and safety measures, which is one of the focus areas where ONE India has committed itself during the current Covid times.

When we stand together – even if we are standing six feet apart – we can see each other through whatever may come by showing incredible strength, resilience and empathy. Tough situations present the greatest opportunities for gratitude.

AS ONE, WE CAN.

*Samarthanam Trust for the Disabled, established in 1997, is one of the biggest NGOs in India, works for the empowerment of persons with disabilities and the underserved through its diverse initiatives focused on providing quality education, accommodation, nutritious food, vocational training and placement based rehabilitation. It facilitates opportunities to enable persons with disabilities and the underserved to keep pace with the rest of the society.
