ONE Makes a Swell of a Difference on World Clean Up Day

In continuation of the #ONEOcean initiative, ONE commemorated World Clean Up Day (16th September 2023) with a month-long campaign involving our Global Headquarters, Regional Headquarters as well as local offices worldwide.

This year, ONE is proud to partner with and support a number of environmental organisations, including: Ocean Conservancy, Langit Biru Pertiwi, Kenya Wildlife Service, RVA Clean Sweep and Japanese Chamber of Commerce and Industry.

Selected offices have also utilised the Clean Swell® app to further amplify the impact of our clean up efforts. By cataloguing each item of trash collected, we contribute to building up a critical database for researchers and policy makers to take informed and targeted action.

A total of **28** clean up events were organized in **19** countries, with **over 508** employees participating in cleaning up more than **2290KG** of trash – but we could not have done it alone.

Thank you to our friends, family, and industry partners for working together to protect ecosystems and create positive change in our communities.

Check out photographs from featured events below.

Location: East Coast Park, Singapore (GHQ)
Event: Beach Clean Up
